CABIN UPDATE

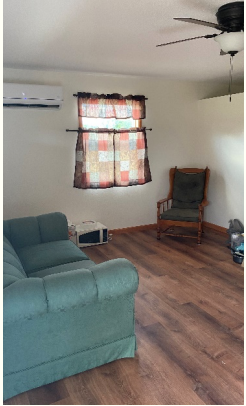

Since the partnering with Legacy Housing Project last year in 2019; our dream of welcoming exploited & aged out foster women find a safe place of living, while learning a future full of life skills is finally making head way here at Son Valley Youth Ranch. First the 3D plans, and now the Physical development of breaking ground as this goal has come to life over the 9+ months, has been quite extraordinary as we see more and more of the Lord's work at hand.

We do have the first cabins almost completed, and the 2nd cabins are still under construction. With the helping hands of all those who have dedicated time to making this building project come alive, we would like to send our gratitude for all your hard work.

HELP BUILD GODS DREAM TO HOUSE THOSE WHO NEED HIS LOVE

CABIN COMPLETION GOAL \$25,000
OUTSTANDING BUILD LOAN \$120,000

THESE CABINS WILL ALLOW US TO MINISTER TO YOUNG WOMEN WHO AGE OUT OF THE FOSTER CARE SYSTEM, OFFERING HOUSING, CHRISTIAN MENTORSHIP, AND EDUCATION AS A PLATFORM TO HELP LAUNCH WOMEN INTO A FULFILLING LIFE.

As we continue this journey with the Lord to fulfill this outreach, we know that more and more hearts will be touched and God's helping hands are on their way to accomplish this big task, for we are always in need of the assistance of the community for this is no light duty as the Lord brings us BIGGER and BIGGER visions of what is to come. This is just the beginning of the start of the future expansions for the ranch planned at Son Valley Youth Ranch Ministry vision. The indoor arena, to help enjoy activities all year round. Our current barn to be finished into an enclosed weatherized all year round event center for the Kingdom Of God.

Mae

Wow, isn't God amazing? Growing up only knowing how to pray to Jesus sure was a distorted view of being a true follower of Christ. I never really knew who He was, or who I was in the eyes of the Creator. Firsthand, I can empathize what a hard destructive life sin can do. Living in a dysfunctional home, suffering from almost every addiction under the sun, attempted suicides, in and out of foster homes, codependency of men and the 5 areas of abuse; physical, mental, emotional, sexual, and spiritually, down to the being exploited in ways I never thought were possible by the very own people I loved the most, brought me to my worst moments of despair, putting all human morals out the window and self-coping with rebellion against the world, sure didn't do me any justice. No drug, pill, or even the best psychiatrist/ consular (or should I say human being) could of brought me back from the hell I was living in, and to top it off, I had to except that our very justice system that we believe is right and for us, is just as corrupt if not more. Fear overtook my life, holding & suffocating me in chains; being completely numb and disassociated from reality brought me to the lowest I think any person could have been.

But thanks to a loving Father in heaven, He heard my cries from above and was not willing to let me die without giving me a chance at a new life. The last 3 years has not been an easy road for us, because our past leaves deep rooted scars that take time to heal. But I can say that the Lord has filled us with a hope and a future; Jeremiah 29:11. Our life, extraordinary in every step, our lives have been a walking miracle and a testimony of the power Gods love, over my fear. Forever leaving me breathless.

It was not by accident that God brought Dona and I together; we are both passionate about serving God and how are hearts are for the broken/hurting women and children in the world. We both walk by faith, nothings more unifying than being like minded and sharing the love of Christ for others and bringing God the glory and honor that belongs to Him!

I want others to know God through my testimony of how a broken woman like me, rejected and hated by the world can rise above, by faith, trust, & love from the Almighty Jesus, rise above circumstance no matter what life throws at you; by the grace of God and His redeeming hand I am alive today, defying the odds of the world's standards. Isn't that a miracle in itself? I know He is always with me. He granted my boys and I a chance and blessed us with the gift of forgiveness and mercy, to love where others right where they are, sharing the gospel and captivating hearts as Jesus did mine.

So now here we are at Son Valley Ranch; Dona is such an incredible warrior and an answered prayer, welcoming us with open arms to not only BOND, HEAL, & GROW; but to give back to others the same way Jesus did for us! He's the real deal; it's time we all speak and share the gospel as we walk with Jesus and sharing the real love found only in HIM.
